

THE LEGAL LEXICON

Convictions and Acquittals in Judge Anderson's Court.

UTLEY AND SMITH SENTENCED

Chronicle Pleads Guilty—Orders Made by Judge Anderson—Police Items—Supreme Court To-day—Notes.

James Smith and Lafayette Utley, the two youths from Tooele, who were convicted on Wednesday of robbing a saloonkeeper named Moses Brunson, appeared for sentence in Judge Anderson's court yesterday.

Smith was called up first and Barlow Ferguson, his attorney, stated that the defendant was but seventeen years old and had for some time helped to support his mother. It was his request that he be sent to the reform school.

When questioned by the court, Smith said he was under the influence of liquor when he committed the crime, and he seemed to feel quite penitent.

Judge Anderson said that it was a pretty risky proceeding for men to fill themselves with whiskey, put on masks and go and assault a respectable person in the way of the defendant and his companions did. He had rendered himself liable to a long term of imprisonment.

Smith faithfully promised to avoid bad company in the future, and to lead an honest life. Judge Anderson then ordered that he be confined in the reform school until he attained his majority.

UTLEY NOT SO FORTUNATE.

Utley was then called up, and the attorney stated that this was his first offense. He was two years older than his companion in crime, and after briefly reviewing the case, Judge Anderson sentenced him to three years imprisonment in the penitentiary.

SMITH ACQUITTED.

James Smith, a youth of eighteen, was next tried on the charge of burglary at St. Mark's cathedral and stealing a pair of gloves belonging to Frank M. Houghton, while the latter was at church. The jury found the defendant not guilty.

BARRITT CONVICTED.

J. H. Barritt, a young man who claims to be from California, was tried in the afternoon on the charge of grand larceny. It being alleged that some time ago, he stole a value from the Knickerbocker hotel. It was shown that the defendant was at the hotel when the crime was taken, and that it was afterwards found in his possession which was arrested in Ogden by John Bush. The jury found him guilty of petit larceny, and he was sentenced to go to-morrow.

THE GIFFORD CASE.

In the afternoon F. B. Gifford was tried on the charge of altering a railway ticket. It seems that the defendant, who is a ticket scalper, some time ago sold a ticket on which the date had been changed, rendering it worthless. The evidence for the prosecution failed to establish the defendant's guilt, however, and the jury acquitted him.

WILLIAMS' GUESS OFF.

John Williams, charged with breaking into a house and stealing a lot of linen, was acquitted.

CHRONICLER PLEADS GUILTY.

Grant Chronicle, charged with fornication, entered a plea of guilty, and sentence was set for April 15.

PROBATE COURT.

A Number of Orders Made by Judge Parich.

Estate of Albert Hedges; hearing on final account set for April 12.

Estate of John Leach; appraisers appointed.

Estate and guardianship of Margaret Carls; hearing of account set for April 12.

Estate of Thomas Tibbe; hearing of petition for letters of administration set for April 14.

Estate of Annie Carlson; appraisers appointed.

Estate of Paul O. Paulson; appraisers appointed; decree of due and legal notice to creditors made.

Estate of George H. Hathaway; decree of due and legal notice to creditors made.

Estate of John C. Carls; decree of due and legal notice to creditors made.

Estate of Sarah Varney; continued to April 4.

Estate of John Williams; administrator discharged.

AN IMPORTANT CASE.

Estate of Allen Atwood, testimony continued in the matter of the intervention of Florence Atwood, asking for a distributive share in the estate.

The testimony on the part of the petitioner shows that Atwood married her mother in 1870, she having only been in this country six months and then only about sixteen years of age. The child was born in the following February. The mother and Atwood soon divorced and they parted. He supported the mother and child about a year thereafter.

The other heirs deny the legitimacy of the child, and also contend that he did not intend to provide for it in his will, and gave evidence that he so stated on several occasions, while, on the other hand, in behalf of the petitioner, the child, the evidence of various persons shows he did acknowledge it and intended to provide for it, etc. The interesting legal question in the case is how far the court will receive and consider evidence outside of the will itself.

Moyle & Richards appear for three of the heirs and Henderson & Bonn for the petitioner child.

Argument is set for next Tuesday. The value of the estate is \$100,000, and only three heirs besides the petitioner.

Police Court.

In the police court yesterday Gusie Blake, the housekeeper at Hattie Wilson's, was found guilty of being an inmate of a house of ill-fame, and a fine of \$25 was imposed. The girl refused to pay the fine and went to jail.

Thomas Kelly, known to fame as "Tommy," was sent up for thirty-five days for stealing a lot of clothes from a First South street cigar store. James Kavanagh, Kelly's bail, will be tried to-day.

One solitary drunk was arrested.

George Kullback and Harry Gardner, charged with stealing some kid gloves and silk mitts from the Lane House, will be tried to-day.

F. W. Chubb, who was arrested by Officer O'Brien yesterday on the charge of impersonating an officer, it is said that he was a special officer's badge and that he had no authority to wear it.

NOT SO BAD AFTER ALL.

E. V. Wood, of McKee's Rocks, Algheny county, Pa. in speaking to a traveling man of Chamberlain's medicine, said: "I recommend them above all others. I have used them myself and know them to be reliable. I always guarantee them to my customers and have never had a bottle returned." Mr. Wood had hardly finished speaking when a little girl came in the store with an empty bottle. It was labeled "Chamberlain's Pain Balm." The traveler was interested, as there was certainly a bottle coming back, but waited to hear what the little girl said. It was as follows: "Mamma, was another bottle of that medicine; she says it is the best medicine for rheumatism she ever used." 50 cent bottles for sale by Z. C. M. I. drug department.

EXCURSION RATES.

Mr. Lomax in Favor of Reducing Them.

The Republican Train—The Union Pacific on Natural Gas in Salt Lake—Notes.

The general passenger agents of the eastern lines are already figuring on heavy travel to Colorado this year, and are very enthusiastic over the outlook. Informal conferences concerning excursion rates west of the Missouri river, and on the subject, General Passenger and Ticket Agent E. L. Somax, of the Union Pacific, said: "There is one thing sure, if the risk to the mountains is not relieved and the excursion rate for the route is the only opportunity for visitors to take advantage of the reduced fare the crowd will be beyond the ability of the lines to carry. I am in favor of making a rate of one fare for the round trip, to apply in June, July and August. A great many people will be prepared to come west in the summer months, and it is not probable that thousands of people will be enabled to come and return home before the July rate is in effect."

This is the way Mr. Lomax is reported in Denver, and it corresponds with the statement made here a few days ago. He is satisfied the recent strike of natural gas would attract many thousands of people, providing the railway can agree upon a reasonable round trip rate. Then again, he said, the capacity of Garfield Ranch will be nearly exhausted, and the people who come to the beach will be advertised as it never was before.

There is also a suspicion that the recent action of the chamber of commerce in lodging the complaint against the railways with the interstate commerce commission will tend to better treatment than Salt Lake has heretofore received.

The Union Pacific on Natural Gas.

The Union Pacific is circulating hundreds of thousands of natural gas pamphlets, which contain The Herald's article of December 14, on the great six-inch well at Lake Shore. In addition, the circular says: "Nature, with a lavish hand, has deposited her richest stores in untold measure in Utah. Vast mountains of iron and immense veins of gold, silver and copper, as well as copper and other ores, require only the discovery of the cheapest of all fuels, natural gas, to be utilized in a manner and to an extent that will produce huge amounts of power, and change the face of the country. Other manufacturing enterprises that will make the most silent valleys blossom with the fruit of busy industry, and change the beautiful city of Salt Lake to a city of such magnificent wealth and grandeur, that all railways will be compelled to center there, and the active, pushing, fearless men, who are constantly looking west for a suitable location, will find their most sanguine expectations more than realized in Salt Lake city. What the future of natural gas in Salt Lake, it is impossible to say at this writing, but from what has been said it is not too much to expect that this interest adds one more to the many valuable resources that are destined to make of Salt Lake the great overshadowing city of the inland western America."

Light Travel in Nevada.

C. E. Savage, the great railway photographer, has just returned from one of his periodic jaunts to the coast. He says California is now including in a rainy season. The through freight train over the Central Pacific is quite heavy, but the local travel and other traffic through Nevada is infinitesimal. "Nevada is asleep," said he, "and there seems to be not the slightest possibility of awakening her."
